SUMMARY

I am a software developer with 10 years of experience, who enjoys backend development with .NET technology and Angular on the client side. I love writing clean code, it's a fully creative activity and a whole art. I feel passionate when applications are built and deployed successfully in cloud environments. Creating open-source applications, that help me daily and could help others is one of my favorite hobbies.

WORK EXPERIENCE

Coherent Solutions- Full stack developer & Tech lead 2023- Present

*Full stack developer and Tech Lead at WEX client. **Dotnet and angular** integrations with TPA vendors, Angular migration from version 6 to 8, **MS SQL** script database enhancements with over 1,000 tables (SP, Views, functions, etc), **Micro frontend** enhancements, support to legacy systems in **VB ASP Web Forms**.
